

Regional Council of Mayors

The nationally recognized Regional Council of Mayors was formed in 2004 as an informal and voluntary opportunity for regional mayors to convene and focus on issues of regional significance. It is supported by the Urban Land Institute Minnesota (ULI MN). The RCM provides a platform for nonpartisan collaboration and networking to share knowledge and to seek solutions that support the region's overall economic competitiveness, prosperity and quality of life.

We Convene: Bring Mayors and cross sector leadership together around issues of regional significance.

We Share Knowledge: Develop and Share Best Practices

We Advise: Apply Best Practices

We Celebrate: Acknowledge and Learn from Action

Initiatives:

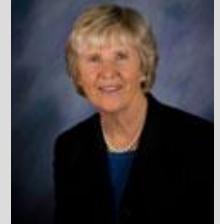

ULI MN's unique partnership with the Regional Council of Mayors has fostered four **regionally significant** initiatives, each with an advisory committee co-chaired by a mayor and a private sector leader. Each initiative develops action strategies that are:

- **Expanding housing choices**
- **Connecting transportation and land use**
- **Building healthy communities**
- **Increasing regional competitiveness**

RCM Co-chairs

Mayor James Hovland
City of Edina

Mayor Sandy Martin
City of Shoreview

“I am a **better leader today** because of the wisdom of the Regional Council of Mayors. Mayors are learning and working together to **find good, progressive solutions** to the real world problems we are facing at the city level. The conversations/topics are highly focused and I can guarantee that I take away a **valuable lesson from every meeting.**”

– Mayor Brad Tabke, City of Shakopee
