Landscape Architect Job Posting

Are you passionate, collaborative, and want to love what you do? If your answer is yes, then you already fit the Cunningham Group culture. Our team approach creates an energizing and empowering work environment where dynamic, self-motivated individuals thrive in pursuit of the same goal – great sustainable design.

We are currently looking for a talented Landscape Architect who shares our enthusiasm for design. The ideal candidate is a great thinker who understands the nuances of the design process, is flexible, fun, and thrives on team collaboration. Applicants with a sense of adventure and a desire to chart unknown design territory are invited to experience, first-hand, why Minneapolis is one of the best kept urban secrets in the country.

Responsibilities:

- Manage projects from Schematic Design through Construction Administration.
- Interact/collaborate with related disciplines: architecture, civil engineering, structural engineering, electrical engineering, planning, and interior design.
- Responsible for coordinating / project management of work for up to 5 concurrent projects.
- Production of construction documents

Qualifications:

- Masters or Bachelor degree in Landscape Architecture.
- 2-5 years of landscape experience.
- Proficiency in Sketchup, AutoCAD, Adobe Creative Suite, and good hand-drawing skills.
- 3D Rendering talents in Rhino, Lumion, 3DS Max are desirable.
- Advanced Revit skills strongly desired, basic skills a plus.
- Ability, speed, and precision to work autonomously on production of construction documents required.
- The ability to work independently or collaboratively on multiple deadlines.
- Engaging personality with good listening and collaboration skills desired.

Please submit a resume, cover letter and portfolio detailing your experience. Portfolio should include drawings in mix of formats (including plans, sections and 3D renderings), construction documents, details, and photos of built work. Submit to: HR@cunningham.com
